

TRANSPORT GROUP

**Love it or hate it ...
as residents of Croydon, we are surrounded by different types
of transport!**

We are hoping to set up a new Transport group looking at the history, impact and technology of all forms of transport ...

Whether you are a Train-spotter, have some specialist knowledge about transport ... or just have an interest in all things transport-related ...

This new group could be for you!

**Contact the Interest Groups Coordinator
to express an interest**
